

RIYAZ SHAIK

Graduate Apprentice Trainee

Bangalore, IN • riyazsk0409@gmail.com • +91 9160943616 • [linkedin.com/in/shaikriyaz1829/](https://www.linkedin.com/in/shaikriyaz1829/)

SUMMARY

AWS Cloud Engineer with 2+ years of experience in cloud infrastructure and full stack development. Provisioned EC2, S3, and RDS MySQL to sustain 99.5% uptime for 150 concurrent users, and built a GitHub Actions CI/CD pipeline that cut regression defects by 40%. Applied Python and SQL for data processing and automation across IoT projects. Distinctive ability to translate sensor driven applications into secure, scalable cloud solutions.

SKILLS

Cloud & DevOps: AWS, CloudFormation, EC2, S3, VPC, RDS, IAM, Lambda, CloudWatch, Route 53, GitHub Actions, CI/CD, DevOps, Infrastructure as Code, Cloud migration, Secrets management, SonarQube, SAST, DAST, Data Analysis, AI/ML, Qlik, Power BI, Power Automation, Data Science Fundamentals, Data Visualization

Programming & Databases: Python, Data Structures & Algorithms (DSA), SQL, CRUD operations, Database Management, Scripting

Web Technologies: HTML, CSS, Bootstrap, RESTful Services, MVC architecture

IoT & Embedded Systems: IoT, Embedded Systems, Sensors, GPS, Microcontrollers, Sensor Data Processing

AI & Machine Learning: PyTorch, Generative AI

Software Development & Architecture: Agile, Design Thinking, Microservices, Distributed Computing, SDLC Principles, Cloud Architectures, Testing Automation

Hardware Design & Verification: Verilog, System Verilog, RTL understanding, Temporal logic assertions, Formal verification methodologies, Digital design, Hardware description languages

EXPERIENCE

Frontend Development Intern Jun 2024 – Present

Narasaraopeta Institute of Technology *Narasaraopet*

- Designed and deployed a full stack web solution on AWS with CloudFormation, then leveraged Python based log analytics and Power BI dashboards to visualize usage patterns, enabling a predictive AI/ML scaling model that maintained 99.5% uptime.
- Created UI/UX designs through workshops and prototyping, linking front end logic to RESTful services and reducing user task time.
- Set up an automated CI/CD pipeline via GitHub Actions, adding Power Automation flows to trigger post deployment health checks and SQL driven reporting, while preserving secure delivery with SonarQube and OWASP ZAP.
- Facilitated Agile sprint ceremonies for a five member team, coordinating cross domain integration of front end and IoT back end services, enforcing security first code reviews and delivering three releases monthly.

IoT Intern Jun 2023 – Jul 2023

Narasaraopeta Institute of Technology *Narasaraopeta*

- Developed a monitoring application using sensor data processing and embedded system integration.
- Integrated sensors with microcontrollers to detect abnormal driving conditions and trigger alerts.
- Tested and debugged the system to ensure reliable real time monitoring and performance.

PROJECTS

Driver Safety Analysis with Accident Detection Using WSN Nov 2024 – May 2026

- Developed a monitoring application using sensor data processing and embedded system integration.
- Integrated sensors with micro controllers to detect abnormal driving conditions and trigger alerts.
- Tested and debugged the system to ensure reliable real time monitoring and performance.

Student Management System Mar 2026 – Mar 2026

- Developed Python application with CRUD operations.
- Designed MVC architecture with integrated database for scalable performance.
- Performed testing, debugging, and validation following SDLC principles.

EDUCATION

Narasaraopeta Institute of Technology *Narasaraopet*

Bachelor of Technology – Electronics and Communication Engineering Aug 2022 – Present

Sai Tirumala NVR Engineering College *Narasaraopet*

Diploma in Electronics and Communication Engineering Jun 2019 – Jun 2022

- 6.66 CGPA

ZP High School *Endugumpalem*

Secondary School Certificate Jun 2018 – Apr 2019

- 8.5 CGPA

CERTIFICATIONS

- Programming Foundations with Python
- Introduction to Databases (SQL)
- Build Your Own Responsive Website
- Build Your Own Static Website
- AWS Workshop Completion Certificate
- Generative AI Workshop Completion

LANGUAGES

- Telugu: Native
- Hindi: Intermediate
- English: Professional
- Urdu: Intermediate
